Professional Summary

Dedicated Web Developer with 5+ years of experience building responsive, interactive, and scalable web applications. Proficient in modern front-end technologies including **HTML**, **CSS**, **JavaScript**, **React**, and **Angular**. Passionate about creating user-centered designs and delivering engaging digital experiences.

Technical Skills

- **Languages:** HTML5, CSS3, JavaScript (ES6+), TypeScript
- **Front-End Frameworks:** React, AngularJS, Vue.js
- **Back-End:** Node.js, Express.js
- **Databases:** MongoDB, Firebase, MySQL
- **Version Control:** Git, GitHub, Bitbucket
- **Other Tools:** RESTful APIs, Webpack, Babel, Postman, Figma, Adobe XD

Professional Experience

Front-End Developer

XYZ Technologies – San Francisco, CA

January 2020 – Present

- Developed and maintained highly interactive web applications using **React** and **Angular**, enhancing user engagement by 25%.
- Implemented responsive design practices, optimizing applications for mobile, tablet, and desktop views.
- Collaborated with back-end developers to integrate RESTful APIs and improve application performance by 30%.
- Re-engineered legacy JavaScript code, reducing load times and improving UX across multiple devices.

Web Developer

ABC Solutions – Remote

August 2017 – December 2019

- Built reusable UI components in **React** and **AngularJS** to reduce code redundancy and streamline development processes.

- Collaborated with the design team to implement pixel-perfect designs using **HTML**, **CSS**, and **JavaScript**.
- Optimized application performance by reducing load times through code-splitting and asynchronous loading techniques.
- Conducted regular code reviews and debugging sessions, reducing bugs by 20% on average.

Education

Bachelor of Science in Computer Science
University of California, Berkeley
Graduated: May 2017

Projects

- **MyFlix Movie App**
 - Built a movie streaming app using **Angular** with a responsive design, search functionality, and genre filters.
 - Integrated the TMDB API for real-time data on trending and top-rated movies.
- **ChatMate Messaging Platform**
 - Developed a real-time messaging app with **React** and Firebase, featuring text, image sharing, and group chat functionality.
 - Ensured a smooth user experience by optimizing load times and implementing offline data sync.
- **Poke-Dex**
 - Designed and developed a Pokémon information app using **React**, allowing users to search and view details on various Pokémon.
 - Implemented search and filter features with an emphasis on a playful and intuitive UI.

Certifications

- **Certified JavaScript Developer**, CareerFoundry
- **React Developer Certification**, CareerFoundry
- **Front-End Web Development with Angular**, CareerFoundry

Additional Information

- **Languages:** English (Native), Spanish (Conversational)
- **Interests:** Open-source contributions, UI/UX Design, Data Visualization
